

# **SCENIC RIVERS ENERGY COOPERATIVE**

## **POLICY BULLETIN NO. 10-3**

**SUBJECT:** Meter testing

**RESPONSIBILITY:** Manager and Employees

### **POLICY AND PROCEDURE:**

The cooperative will test all meters periodically, with the intent that no meter will go more than ten (10) years without being tested.

Also, the cooperative will test a member's meter as requested. If the meter test results are within the standards set by the Wisconsin Public Service Commission, the member will be responsible for all costs involved in having the meter tested. If the meter test results are outside the standards set by the Wisconsin Public Service Commission, the Cooperative shall bear the costs of having the meter tested.

If a member tests slower than the range permitted by the Wisconsin Public Service Commission, a recalculation of bills for service shall be made for the period of inaccuracy. The recalculation shall be done in accordance with Wisconsin Administrative Code PSC 113.17. If the recalculated bills indicate that more than \$10 is due the cooperative, the cooperative may bill the member for the amount due. For all members the period of backbilling may not exceed 24 months unless there is evidence of fraud or deception.

This policy supersedes and cancels all similar policies prior to this date.

**DATE ADOPTED:** 10/28/91

**DATE REVISED:** 05/29/03
